

Cookies Policy

Document Ref	SIRIS-GEN-2026-002
Version	1.0
Effective Date	1 April 2026
Classification	Public
Jurisdiction	Republic of Mauritius

1. Introduction

This Cookies Policy explains what cookies and similar tracking technologies are, how Siris Markets Ltd uses them on the website sirismarkets.com, and what choices you have in relation to their use.

Please read this policy carefully alongside our Privacy Policy, which explains how we collect and use personal data more broadly.

Important notice for EU/EEA visitors: Siris Markets Ltd is incorporated in Mauritius but offers its services to users in the European Union and European Economic Area. The General Data Protection Regulation (GDPR) therefore applies in full to our processing of your personal data. We have appointed an EU representative as required under Article 27 GDPR; their contact details are set out in Section 9 of this policy.

2. What Are Cookies

Cookies are small text files placed on your device when you visit a website. They are widely used to make websites work efficiently, to remember your preferences, and to provide information to website owners.

We also use similar client-side storage technologies alongside cookies:

- Pixels — small transparent images (e.g. Meta Pixel) embedded in pages that register when a page is visited or an action is taken
- Local storage — key-value data stored in your browser that persists beyond a single session (used by Weglot for cached translations and URL slugs)
- Session recordings and heatmaps — Microsoft Clarity records mouse movements, clicks, and scrolls to help us understand how visitors use our pages

3. Cookies We Use

We use four categories of cookies and storage technologies. The tables below list every individual cookie or storage item we set, together with its provider, duration, and purpose.

3.1 STRICTLY NECESSARY

These are essential for the website to function and cannot be switched off. No consent is required.

3.2 ANALYTICS

These help us understand how visitors interact with the website. They require your consent. Where a browser enforces stricter limits (e.g. Safari ITP caps first-party cookies at 7 days without a return visit), those limits take effect regardless of the configured expiry below.

Google Analytics 4

** Effective browser lifetime may be shorter. Chrome enforces a 400-day maximum for cookies set via JavaScript; Safari ITP may reduce this to 7 days without a return visit.*

Microsoft Clarity

Important: Microsoft acts as an independent data controller for Clarity data. Microsoft's Terms of Use permit it to use collected data to improve its own products and for advertising purposes (including via the MUID and ANONCHK cookies). We recommend treating Clarity as both an analytics and an advertising tool for consent purposes.

3.3 MARKETING & ADVERTISING

These track visits and actions across websites to enable targeted advertising. They require your explicit consent.

Meta Pixel (Facebook Pixel)

Important: Meta Pixel must not load before explicit consent is received. EU supervisory authorities have issued substantial fines for premature Pixel activation.

3.4 FUNCTIONAL / PREFERENCES

These enable enhanced functionality and personalisation. They require consent where not strictly necessary for a service explicitly requested by the user.

Weglot (language switching)

The wglang session cookie is arguably strictly necessary for the language-switching functionality explicitly requested by the user, but we present it here for full transparency.

4. Third-Party Tools and Services

The following tools are used on siris.broker. Each table entry explains the tool's provider, purpose, and data transfer safeguards.

Google Analytics 4 (GA4)

Provider: Google LLC, USA. Purpose: website traffic analysis, user behaviour measurement, and conversion tracking. Legal basis for EU/EEA users: explicit consent. Data is transferred to the United States under the EU–US Data Privacy Framework (adequacy decision, July 2023), supplemented by Standard Contractual Clauses. More information: policies.google.com/privacy

Google Search Console

Provider: Google LLC, USA. Purpose: monitoring website performance in Google Search (impressions, clicks, indexing status). Search Console does not set any cookies or tracking technology on end users' browsers — it collects data entirely from Google's own crawl and search infrastructure. No cookie consent is required.

Microsoft Clarity

Provider: Microsoft Corporation, USA. Purpose: heatmaps, session recordings, and user behaviour analysis. Microsoft acts as an independent data controller for Clarity data (not a data processor on our behalf) and may use collected data for advertising purposes. Clarity automatically masks all form input fields, including passwords and payment card numbers. Data is transferred to the United States under the EU–US Data Privacy Framework and Microsoft's Standard Contractual Clauses. More information: privacy.microsoft.com

Meta Pixel

Provider: Meta Platforms Inc., USA. Purpose: measuring conversions, optimising ad delivery, and enabling re-targeting on Meta platforms (Facebook, Instagram). The Pixel must not activate before consent is granted. Data is transferred to the United States under the EU–US Data Privacy Framework and Meta's Standard Contractual Clauses. More information: facebook.com/privacy/policy

Semrush

Provider: Semrush Inc., USA. Purpose: external SEO analysis, keyword research, and website performance benchmarking. Semrush does not place any cookies or tracking code on siris.broker or on

visitors' browsers — it operates entirely through its own proprietary databases and crawler. No cookie consent is required in respect of Semrush.

RankMath SEO

Provider: MyThemeShop LLC, USA. Purpose: on-site SEO management, meta tag generation, schema markup, sitemap creation, and integration with Google Analytics and Search Console. RankMath's core plugin does not set tracking cookies on visitors. Note: if the RankMath Analytics module is enabled and configured to install Google Analytics, the GA4 cookies listed in Section 3.2 above will be set via RankMath.

Weglot

Provider: Weglot SAS, France. Purpose: website translation and language switching for EN, CS, and NO language versions. Weglot's servers are located within the EU. No international transfer of personal data occurs. More information: weglot.com/privacy-policy

5. Legal Basis for Processing

We process cookies on the following legal bases under the GDPR and the applicable national implementation of the ePrivacy Directive:

- Strictly necessary cookies: Article 6(1)(f) GDPR — legitimate interest in operating a functional and secure website. Consent is not required.
- Analytics cookies (GA4, Microsoft Clarity): Article 6(1)(a) GDPR — your explicit consent, obtained via our cookie consent banner.
- Marketing cookies (Meta Pixel, MUID/ANONCHK via Clarity): Article 6(1)(a) GDPR — your explicit consent, obtained via our cookie consent banner.
- Functional / preference cookies (Weglot wglang, WG_CHOOSSE_ORIGINAL): Article 6(1)(a) GDPR — your consent, where the cookie is not strictly necessary.

In all EU/EEA member states, prior opt-in consent is required for all non-essential cookies under the applicable national implementation of the ePrivacy Directive. The 'reject' option on our consent banner is presented with equal prominence to the 'accept' option.

6. Managing Your Cookie Preferences

When you first visit sirīs.broker you will be presented with a cookie consent banner. You may accept or reject each category independently. A "Reject All" option is always available alongside "Accept All".

You may change or withdraw your consent at any time by clicking the “Cookie Settings” link in the footer of our website. We will not ask you to reconsider your preference for at least six months after a refusal.

You can also manage cookies through your browser settings:

- Google Chrome: Settings → Privacy and security → Cookies and other site data
- Mozilla Firefox: Settings → Privacy & Security → Cookies and Site Data
- Safari: Preferences → Privacy → Manage Website Data
- Microsoft Edge: Settings → Cookies and site permissions

Note that disabling certain cookies may affect the functionality of our website. Declining analytics or advertising cookies will not prevent you from accessing our content.

7. International Data Transfers

Google LLC, Microsoft Corporation, Meta Platforms Inc., and Semrush Inc. are all based in the United States. Where these providers transfer personal data from the EU/EEA to the US, the transfers are covered by the EU–US Data Privacy Framework adequacy decision (July 2023) and/or Standard Contractual Clauses (Commission Implementing Decision (EU) 2021/914).

Weglot SAS is based in France and processes data within the EU. No international transfer of personal data occurs in respect of Weglot.

Siris Markets Ltd is incorporated in Mauritius. Mauritius does not currently hold an EU adequacy decision. Any transfer of personal data collected through siris.broker to Siris Markets Ltd’s infrastructure in Mauritius is governed by Standard Contractual Clauses or an equivalent Article 46 GDPR mechanism. Details are available on request from our EU representative.

8. Updates to This Policy

We will update this Cookies Policy when we add, remove, or change a cookie or tracking tool, or when applicable law changes. We will update the effective date at the top of the policy when we do so.

If we make changes that materially affect how we process your personal data, we will re-present our consent banner so that you can review and update your preferences. The current version of this policy is always available at sir^{is}.broker/cookies-policy.

9. Contact Us

If you have any questions about this policy or wish to exercise your data protection rights (access, rectification, erasure, restriction, portability, or objection), please contact us through one of the channels below. We will respond within 30 days and may ask you to verify your identity.

Data controller

Siris Markets Ltd

Company No. C219638 | BRN: C25219638

Quartier des Serres, Domaine de Labourdonnais

Rivière du Rempart 31803, Mauritius

Email: backoffice@sirismarkets.com

Website: <https://siris.broker>

EU representative (Article 27 GDPR)

gdpr@sirismarkets.com

You may contact us at any time to exercise your rights under the GDPR, including:

- Right of access — request a copy of the personal data we hold about you
- Right to rectification — request correction of inaccurate or incomplete data
- Right to erasure ('right to be forgotten') — request deletion of your personal data where there is no longer a lawful reason to retain it
- Right to restriction — request that we limit how we process your data in certain circumstances
- Right to data portability — receive your data in a structured, commonly used format
- Right to object — object to processing based on legitimate interests or for direct marketing purposes
- Right to withdraw consent — withdraw your cookie consent at any time via the Cookie Settings link in our website footer, without affecting the lawfulness of processing prior to withdrawal

To submit a request, email gdpr@sirismarkets.com with the subject line "Data Subject Request". We will respond within 30 days. We may ask you to verify your identity before processing your request.

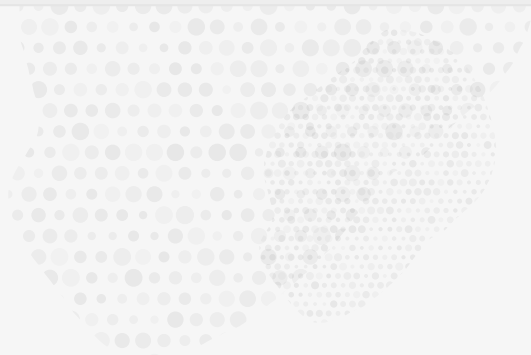

Supervisory authorities

You have the right to lodge a complaint with the data protection supervisory authority in your country of residence or establishment within the EU/EEA.

COOKIE / STORAGE	PROVIDER	DURATION	PURPOSE
wp-settings-*	siris.broker	1 year	WordPress user interface preferences (admin users only)
wordpress_logged_in_*	siris.broker	Session	WordPress authentication state
PHPSESSID	siris.broker	Session	Maintains server-side session state
wordpress_sec_*	siris.broker	Session	WordPress security nonce

COOKIE / STORAGE	PROVIDER	DURATION	PURPOSE
_ga	Google LLC	2 years*	Distinguishes unique users by storing a randomly-generated client ID
_ga_XXXXXXXXXX	Google LLC	2 years*	Persists GA4 session state: session ID, session count, engagement status, and timestamps. The 'XXXXXXXXXX' portion is the GA4 measurement ID for this property.
_gat / _dc_gtm_*	Google LLC	1 minute	Request throttling — limits the number of requests sent to Google's servers. May appear depending on implementation.
_gac_gb_* / _gcl_*	Google LLC	90 days	Campaign and conversion data. Set only if Google Ads is linked to the GA4 property.

COOKIE / STORAGE	PROVIDER	DURATION	PURPOSE
_clck	Microsoft Corp.	1 year	Persists a Clarity user ID so that behaviour across multiple sessions can be associated
_clsk	Microsoft Corp.	1 day	Connects multiple page-view events into a single session recording
CLID	Microsoft Corp.	1 year	Identifies whether the visitor is new or returning
MR	Microsoft Corp.	7 days	Indicates whether the MUID cookie should be refreshed
MUID	Microsoft Corp.	1 year	Identifies unique browsers visiting Microsoft's network of sites
ANONCHK	Microsoft Corp.	≈10 min	Third-party cookie. Checks whether MUID data can be transferred to ANID for advertising purposes.
SM	Microsoft Corp.	Session	Third-party cookie. Synchronises the MUID identifier across Microsoft domains.

COOKIE / STORAGE	PROVIDER	DURATION	PURPOSE
_fbp	Meta Platforms Inc.	90 days	Identifies browsers for ad delivery and conversion measurement across the Meta advertising network
fr	Meta Platforms Inc.	90 days	Used by Meta to deliver, measure, and improve the relevance of advertisements shown on Meta platforms
_fbclid	Meta Platforms Inc.	90 days	Stores the Facebook Click ID (fbclid). Set when a visitor arrives via a Meta ad. Used for conversion attribution and Event Match Quality.

COOKIE / STORAGE	PROVIDER	DURATION	PURPOSE
wglang	Weglot SAS	Session	Stores the visitor's selected language code for the current browser session
WG_CHOOSE_ORIGINAL	Weglot SAS	1 month	Set when the original language is selected with auto-switch enabled. Prevents automatic redirection to a translated version.
wg-translations	Weglot SAS	Indefinite (local storage)	Caches translated page content in the browser's local storage to improve page load speed. Not a cookie.
wg-slugs	Weglot SAS	Indefinite (local storage)	Caches translated URL slugs in local storage. Not a cookie.
